

# البرهان للتكنولوجيا Al Burhan Technology

The best cell phone, weapon & contraband detector.

Portable, full body screening in a single walk-by

Most sensitive to cell phones and small blades

Fast, effective & versatile

## Putting you ahead in your fight against contraband

**Effective** – detects all phones, concealed contraband, even small blades

- 2x sensitivity of detection, for the smallest concealed contraband\*
- Enhanced detection zone focused on subjects' most challenging concealment areas
- Cuts interference from surrounding activity, 50% fewer unwanted alerts\*

*Cellsense enables fastest walk-by searches. Uniquely versatile Cellsense with its detachable base performs portable or wall-mounted searches anywhere in the facility, including outdoors*

*Portable and instantly deployable*

*Screen subjects without their knowledge with covert searches behind walls*

**Versatile** – works in every setting of the correctional facility

- Adapts instantly for portable or wall-mounted searches
- Works indoors and out

**Immediate** – portable and operational by one person in less than 15 seconds

**Robust** – resistant to breakage and weather, backed up by the best warranty in the industry

**Effective**

- Detects all cell phones, on/off, with/without batteries, even mini key fob phones, concealed on or inside the body
- Detects weapons, lighters, small blades and other contraband that can be missed by traditional systems
- Doesn't alert on items of non-interest like most jewelry, joint implants and stationary metal objects such as cell doors
- Safe for searching all subjects, including those with a pacemaker or pregnancy. Cellsense does not create any emissions or health concerns

**Versatile for Screening Objects**

Deploy Cellsense vertically, horizontally or at any angle for 360° screening

**Immediate**

**Fast and simple for your busy Staff**

With Cellsense, there are no complicated dials, controls, or displays. No waiting around for the system to calibrate, and no user input is required. Setup in less than 15 seconds and start your search.

**Versatile for Screening People**

Deploy Cellsense to prevent smuggled contraband entry and use throughout the facility. Adapts instantly between freestanding or wall-mounted with unique detachable base

Clearest Display

*Bars show strength of detection*

**Search Locations**

- Reception
- Checkpoints
- Transport
- Line Searches
- Mail & Packages
- Visitors
- Work Crew
- Staff
- Bedding
- Laundry
- Incoming Goods
- Surprise and covert capability

Green = No detection  
 Amber = Items detected  
 Red = Strong detection
